

KYLE COBERLY

AI-FORWARD SOFTWARE, PRODUCT, AND SYSTEMS ENGINEER • LEADER & EDUCATOR

WORK

Owner & Head Coach

October 2020—Present

Sika Education

Software training and engineering. Reskilling programs for Pluralsight, Ford, and Liberty Mutual. Helping teams adopt AI-augmented workflows and modern quality practices. Web-based learning platform on React, Express, PostgreSQL, Playwright.

Adjunct Professor

March 2021—Present

University of Denver

Graduate faculty for University College's Information & Communications Technology program. Courses: Website Design and Management, Advanced Website Design and Management, Web-Enabled Information Systems.

Staff Software Engineer

January 2025—April 2026

Urban Sky

Designed, built, and shipped the flight simulation and training engine. Redesigned the manufacturing UI and built the AS9100 vendor quality report. Stood up the company-wide testing stack (Playwright, Storybook Test, Supertest, Vitest) and built AI-driven "multiboxing" so agents can work locally in parallel across every company app. Contributed to winning the STRATFI government contract.

Staff Software Engineer

March 2024—September 2024

Sunrun

Brought on to rescue a delayed program; led a 6-engineer squad shipping a major rewrite of Sunrun's sales-pipeline tool. Introduced outside-in testing, Storybook-based component testing, and Playwright. TypeScript, React, Node, AWS.

Director of Education

February 2019—March 2021

Lead Instructor

Flatiron School

Grew the Denver software engineering program from 10 to 50+ concurrent students. Led in-person and online programs, curriculum, and LMS development with Rails, React, Vue, PostgreSQL. 2019 Denver campus MVP.
